Fidelity Canadian Short Term Income Class

**(individually each is a "Fund" and collectively  
the "Funds")**

1 Series T5, T8, S5 and S8 shares also available

2 Series T5, T8, S5, S8, F5 and F8 shares also available

## AMENDMENT TO THE SIMPLIFIED PROSPECTUS

The prospectus is amended to provide notice to investors in Series A, B, F, T5, T8, S5, S8, F5 and F8 (the "Applicable Series"), as applicable, of the Funds that at the special meetings that took place on October 27, 2009 investors approved a proposed change to the basis of calculating operating expenses of the Applicable Series.

Accordingly:

1. The text under the heading "Operating expenses" on page 132 is deleted and replaced with the following:  
"Fidelity will pay all of the operating expenses of each of the Funds (including for services provided by Fidelity and/or its affiliates), except for "Fund Costs" (see below), in respect of each Series, in exchange for a fixed rate administration fee (the "Administration Fee") that is paid by each Fund.

The expenses borne by Fidelity in exchange for the Administration Fee include transfer agency, pricing and bookkeeping fees, which include processing purchases and sales of securities of the Funds and calculating each Fund's security price; legal, audit and custodial fees; administrative costs and trustee services relating to registered tax plans; filing fees; the costs of preparing and distributing fund financial reports, simplified prospectuses, and other investor communications Fidelity is required to prepare to comply with applicable laws, and other expenses not otherwise included in the management and advisory fee.

The "Fund Costs" include the following:

- the fees and expenses of the IRC, which includes compensation paid to IRC members as an annual retainer as well as per meeting attendance fees and the reimbursement of the expenses of IRC members that are associated with the IRC;
- taxes (including, but not limited to, GST, income taxes and capital taxes);
- brokerage commissions and other securities transaction expenses, including the cost of derivatives;
- interest charges;
- fees related to external services that were not commonly charged in the Canadian mutual fund industry as of the date of this prospectus; and
- the costs of complying with any new regulatory requirements, including without limitations, any new fees introduced after the date of this prospectus.

Each Series of a Fund is responsible for its proportionate share of common Fund Costs in addition to expenses that it alone incurs. Each Fund will be required to reimburse us for its proportionate share of Fund Costs of its underlying funds.

The Administration Fee will fall under one of three tiers depending on the amount of net assets of a Fund. The three tiers are: less than \$100 million in net assets; \$100 million to \$1 billion in net assets; and greater than \$1 billion in net assets. As a Fund surpasses these net asset level thresholds the Administration Fee on each of its series will be reduced by 0.01% (i.e., one basis point). This tiered structure will allow investors to share in the benefits of economies of scale as the Funds grow in size. The Administration Fee is calculated as a fixed annual percentage (accrued and payable daily) of the net asset value of each Fund as follows:

Fund Type	Administration Fee (Percentage)		
	Tier 1 Under \$100 Million	Tier 2 \$100 Million – \$1 Billion	Tier 3 Over \$1 Billion

The Administration Fee is charged in addition to the management and advisory fee. The Administration Fee charged to the Funds, may, in any particular period, exceed or be lower than the expenses Fidelity incurs in providing such services to the Funds.

As of the date of this simplified prospectus, each member of the IRC received an annual retainer of \$35,000 (\$55,000 for the Chair), and a fee of \$2,500 (\$4,000 for the Chair) for each IRC meeting the member attends, plus expenses for each meeting. These fees and expenses, plus other expenses associated with the IRC, such as insurance and applicable legal costs, are allocated amongst all the Fidelity Funds that are subject to NI 81-107, including the Funds in this simplified prospectus, in a manner considered by Fidelity to be fair and reasonable.

We will give unitholders 60 days' written notice of any change to the basis of the calculation of the fees or expenses that are charged to a Fund or its unitholders by an arm's length party that could result in an increase in charges, or the introduction of a fee or expense to be charged to a Fund or its unitholders, that could result in an increase in charges."

### **PURCHASER'S STATUTORY RIGHTS**

Securities legislation in several of the provinces and territories gives you the right to withdraw from an agreement to buy securities within two business days after you receive a simplified prospectus or to cancel your purchase within 48 hours after you receive confirmation of a securities purchase. If you buy securities under a contractual plan, the time period for your right to withdraw from the purchase may be longer.

In several provinces and territories, securities law also gives you the right to cancel a purchase or, in some jurisdictions, claim damages if the simplified prospectus or annual information form or financial statements contain a misrepresentation. You must act within the time limit set by the securities legislation in your province or territory. You can find out more by consulting the securities legislation in the province or territory or by consulting a legal advisor.
