† These amounts may change from time to time, and may also be waived by Fidelity. See "Fund Expenses" for the minimum investment thresholds for fee distributions on Series F units in the Program and speak to your representative for details.

WHAT DOES THE FUND INVEST IN?

The Fund invests primarily in a mix of Canadian equity, fixed income and money market securities. The Fund may invest up to 40% of its net assets in foreign securities.

The Fund's neutral mix is 70% equity securities and 30% fixed income securities and money market instruments, which may vary if the portfolio managers believe this will produce the best overall return.

The charts below give you a snapshot of the Fund's investments on September 30, 2024. The Fund's investments will change.

U.S. High Yield Bonds		0.69%			
Remaining Investments and Net Other Assets		0.83%			

HOW RISKY IS IT?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

RISK RATING

Fidelity has rated the volatility of this Fund as **low to medium**.

This rating is based on how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund's returns, see the 'What are the risks of investing in the fund?' section of the Fund's simplified prospectus.

NO GUARANTEES

Like most mutual funds, this Fund doesn't have any guarantees. You may not get back the amount of money you invest.

FUND FACTS

Fidelity Canadian Asset Allocation Fund Series F

■ HOW HAS THE FUND PERFORMED?

This section tells you how Series F units of the Fund have performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the Fund's returns.

YEAR-BY-YEAR RETURNS

This chart shows how Series F units of the Fund performed in each of the past 10 years. The Fund dropped in value in 2 of the 10 years. The range of returns and change from year to year can help you assess how risky the Fund has been in the past. It does not tell you how the Fund will perform in the future.

■ WHO IS THIS FUND FOR?

Investors who:

- plan to hold their investment for the medium- to long-term
- want to gain exposure to both Canadian equity and fixed income securities
- want the convenience of a diversified portfolio in a single fund
- can handle the volatility of returns generally associated with equity investments
- may be looking to benefit from combined management and administration fee distributions based on the amount of their investment in the Program

The Fund is not an appropriate investment if you have a short-term investment horizon.

■ HOW MUCH DOES IT COST?

The following tables show the fees and expenses you could pay to buy, own and sell Series F units of the fund. The fees and expenses - including any commission - can vary among the series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

Series F units of the Fund are automatically included in the Program. The Program offers management and administration fee reductions, paid in the form of reinvested distributions ("fee distributions"), that increase progressively with assets, resulting in lower combined management and administration fees (before sales tax) than otherwise. We will automatically apply fee distributions on your Series F units of the Fund when you meet the applicable investment threshold. If you no longer meet the applicable investment threshold for a particular tier of fee distributions, we will automatically decrease the amount of the fee distributions to a lower tier, which will result in higher combined management and administration fees (before sales tax) but that will not exceed the Series F combined management and administration fees. See the fee distributions table under "Fund Expenses" below. For more details on the Program, see "Purchases, Switches and Redemptions" and "Fees and Expenses" in the Fund's simplified prospectus, and speak to your representative.

1 SALES CHARGES

You do not pay any sales charge when you buy or sell Series F units of the Fund.

BEST AND WORST 3-MONTH RETURNS

This table shows the best and worst returns for Series F units of the Fund in a 3-month period over the past 10 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	RETURN	3 MONTHS ENDING	IF YOU INVESTED \$1,000 AT THE BEGINNING OF THE PERIOD
Best return	12.1%	June 30, 2020	Your investment would rise to \$1,121
Worst return	-11.7%	March 31, 2020	Your investment would drop to \$883

AVERAGE RETURN

A person who invested \$1,000 in Series F units of the Fund 10 years ago now has \$1,897. This works out to an annual compound return of 6.6%.

■ A WORD ABOUT TAX

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan (RRSP) or a Tax-Free Savings Account (TFSA).

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

HOW MUCH DOES IT COST? (CONTINUED)

FUND EXPENSES

You don't pay these expenses directly. They affect you because they reduce the return you get on your investment.
As of June 30, 2024, the Fund's expenses were 1.14% of its value. This equals \$11.40 for every \$1,000 invested.

Table with 2 columns: Expense Category, Annual Rate (AS A % OF THE FUND'S VALUE). Rows include Management expense ratio (MER) at 1.09%, Trading expense ratio (TER) at 0.05%, and FUND EXPENSES at 1.14%.

Fee distributions on Series F units in the Program are listed in the table below:

Table with 3 columns: ASSET LEVEL, TIER, FEE DISTRIBUTION. Rows show fee percentages for asset levels from \$0-\$249,999 to \$50,000,000+.

More about the trailing commission
Trailing commissions are not paid on Series F units.

OTHER FEES

You may have to pay other fees when you buy, hold, sell or switch units of the Fund.

Table with 2 columns: FEE, WHAT YOU PAY. Rows include Short-term trading fee, Switch fee, Fee-for-service, Advisor service fee, and Fee for sizable redemptions.

■ WHAT IF I CHANGE MY MIND?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund securities within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

■ FOR MORE INFORMATION

Contact Fidelity or your representative for a copy of the Fund’s simplified prospectus and other disclosure documents. These documents and the Fund Facts make up the Fund’s legal documents.
