■ HOW RISKY IS IT?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

RISK RATING

Fidelity has rated the volatility of this Fund as **medium**.

Because this is a new Fund, the risk rating is only an estimate by Fidelity. Generally, the rating is based on how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund's returns, see the 'What are the risks of investing in the fund?' section of the Fund's simplified prospectus.

NO GUARANTEES

Like most mutual funds, this Fund doesn't have any guarantees. You may not get back the amount of money you invest.

FUND FACTS

Fidelity Global Small-Mid Cap Equity Fund Series F

WHO IS THIS FUND FOR?

Investors who:

- plan to hold their investment for the long-term
- want to gain exposure to global medium, small and micro capitalization companies
- can handle the volatility of returns generally associated with equity investments in medium, small and micro companies
- may be looking to benefit from combined management and administration fee distributions based on the amount of their investment in the Program

The Fund is not an appropriate investment if you have a short-term investment horizon.

HOW MUCH DOES IT COST?

The following tables show the fees and expenses you could pay to buy, own and sell Series F units of the fund. The fees and expenses - including any commission - can vary among the series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

Series F units of the Fund are automatically included in the Program. The Program offers management and administration fee reductions, paid in the form of reinvested distributions ("fee distributions"), that increase progressively with assets, resulting in lower combined management and administration fees (before sales tax) than otherwise. We will automatically apply fee distributions on your Series F units of the Fund when you meet the applicable investment threshold. If you no longer meet the applicable investment threshold for a particular tier of fee distributions, we will automatically decrease the amount of the fee distributions to a lower tier, which will result in higher combined management and administration fees (before sales tax) but that will not exceed the Series F combined management and administration fees. See the fee distributions table under "Fund Expenses" below. For more details on the Program, see "Purchases, Switches and Redemptions" and "Fees and Expenses" in the Fund's simplified prospectus, and speak to your representative.

1 SALES CHARGES

You do not pay any sales charge when you buy or sell Series F units of the Fund.

2 FUND EXPENSES

You don't pay these expenses directly. They affect you because they reduce the return you get on your investment.

The Fund's expenses are made up of the management fee, fixed administration fee, and operating expenses and trading costs (fund costs). The series' annual management fee is 0.85% of the series' value. The series' annual fixed administration fee will fall under one of the three tiers below, depending on the amount of Fund assets:

AMOUNT OF FUND ASSETS	ADMINISTRATION FEE
Under \$100 Million	0.190%
\$100 Million - \$ 1 Billion	0.180%
Over \$ 1 Billion	0.170%

A WORD ABOUT TAX

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan (RRSP) or a Tax-Free Savings Account (TFSA).

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

Because this series is new, its operating expenses and trading costs are not yet available.

Fee distributions on Series F units in the Program are listed in the table below:

ASSET LEVEL	TIER	FEE DISTRIBUTION
\$0-\$249,999		n/a
\$250,000-\$999,999	1	0.050%
\$1,000,000-\$2,499,999	2	0.100%
\$2,500,000-\$4,999,999	3	0.150%
\$5,000,000-\$9,999,999	4	0.200%
\$10,000,000-\$24,999,999	5	0.250%
