HOW RISKY IS IT?

The value of the Fund can go down as well as up. You could lose money.
One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".
In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns.

RISK RATING

Fidelity has rated the volatility of this Fund as low to medium.
This rating is based on how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund's returns, see the 'What are the risks of investing in the fund?' section of the Fund's simplified prospectus.

NO GUARANTEES

Like most mutual funds, this Fund doesn't have any guarantees. You may not get back the amount of money you invest.

HOW HAS THE FUND PERFORMED?

This section tells you how Series B units of the Fund have performed over the past 7 years. Returns are after expenses have been deducted. These expenses reduce the Fund's returns.

YEAR-BY-YEAR RETURNS

This chart shows how Series B units of the Fund performed in each of the past 7 years. The Fund dropped in value in 2 of the 7 years. The range of returns and change from year to year can help you assess how risky the Fund has been in the past. It does not tell you how the Fund will perform in the future.

BEST AND WORST 3-MONTH RETURNS

This table shows the best and worst returns for Series B units of the Fund in a 3-month period over the past 7 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

Table with 4 columns: RETURN, 3 MONTHS ENDING, and IF YOU INVESTED \$1,000 AT THE BEGINNING OF THE PERIOD. Rows include Best return (7.3% ending Jan 31, 2024) and Worst return (-7.7% ending June 30, 2022).

AVERAGE RETURN

A person who invested \$1,000 in Series B units of the Fund on the inception date now has \$1,303. This works out to an annual compound return of 3.4%.

WHO IS THIS FUND FOR?

- Investors who:
- plan to hold their investment for the medium-term
- want to gain exposure to equity and fixed income securities of issuers anywhere in the world
- want the convenience of a diversified portfolio in a single fund that aims to mitigate its exposure to market volatility
- can handle changes in the value of their investment
- want the potential for both income and capital gains
- may be looking to benefit from combined management and administration fee distributions based on the amount of their investment in the Program

A WORD ABOUT TAX

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan (RRSP) or a Tax-Free Savings Account (TFSA).
Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

HOW MUCH DOES IT COST?

The following tables show the fees and expenses you could pay to buy, own and sell Series B units of the fund. The fees and expenses - including any commission - can vary among the series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

Series B units of the Fund are automatically included in the Program. The Program offers management and administration fee reductions, paid in the form of reinvested distributions ("fee distributions"), that increase progressively with assets, resulting in lower combined management and administration fees (before sales tax) than otherwise. We will automatically apply fee distributions on your Series B units of the Fund when you meet the applicable investment threshold. If you no longer meet the applicable investment threshold for a particular tier of fee distributions, we will automatically decrease the amount of the fee distributions to a lower tier, which will result in higher combined management and administration fees (before sales tax) but that will not exceed the Series B combined management and administration fees. See the fee distributions table under "Fund Expenses" below. For more details on the Program, see "Purchases, Switches and Redemptions" and "Fees and Expenses" in the Fund's simplified prospectus, and speak to your representative.

1 SALES CHARGES

You may pay a sales charge when you buy Series B units of the Fund.

Table with 4 columns: SALES CHARGE OPTION, WHAT YOU PAY WHEN YOU BUY YOUR UNITS (AS A PERCENT (%), IN DOLLARS), and HOW IT WORKS. Row 1: Initial Sales Charge, 0% to 5% of the amount you buy, \$0 to \$50 on every \$1,000 you buy, and details on how the charge is deducted.

2 FUND EXPENSES

You don't pay these expenses directly. They affect you because they reduce the return you get on your investment.

As of June 30, 2024, the Fund's expenses were 2.11% of its value. This equals \$21.10 for every \$1,000 invested.

Table with 2 columns: Expense Category and ANNUAL RATE (AS A % OF THE FUND'S VALUE). Rows include Management expense ratio (MER) at 2.09%, Trading expense ratio (TER) at 0.02%, and a total FUND EXPENSES of 2.11%.

Fee distributions on Series B units in the Program are listed in the table below:

Table with 3 columns: ASSET LEVEL, TIER, and FEE DISTRIBUTION. Rows show fee distribution percentages for asset levels from \$0-\$249,999 up to \$50,000,000+.

More about the trailing commission

The trailing commission is an ongoing commission. Fidelity pays a trailing commission to all dealers, including discount brokers, for as long as you own the Fund. This is for services and advice that your representative and their firm provide to you. When these commissions are paid to discount brokers, they are for services and any tools or other assistance that your discount broker may offer.

The trailing commission is paid from the Fund's management fee and is based on the value of your investment.

Table with 2 columns: AS A PERCENT (%) and IN DOLLARS, under the heading TRAILING COMMISSION. Row 1: Up to 1.000% of the value of your investment each year, \$0 to \$10.00 each year for every \$1,000 invested.

■ HOW MUCH DOES IT COST? (CONTINUED)

■ OTHER FEES

You may have to pay other fees when you buy, hold, sell or switch units of the Fund.

FEE	WHAT YOU PAY
Short-term trading fee	If you sell/switch units within 30 days of the oldest purchase/switch into the Fund, you <i>will</i> be charged 1% of the value of those units. If you sell/switch units within 30 days of the most recent purchase/switch into the Fund, you <i>may</i> be charged 1% of the value of those units or have your account restricted/closed. This fee goes to the Fund.
Switch fee	Your representative's firm may charge you up to 2% of the value of units you switch to another series of the Fund or another Fidelity Fund.
Fee for sizable redemptions	If you have been notified that you own a sizable percentage of a Fund, you <i>will</i> be subject to a 1% penalty of the value of the units that you sell/switch if you sell/switch your units of the Fund within 30 days of your most recent purchase/switch into the Fund. You <i>may</i> be subject to a 1% penalty of the value of the units if you fail to provide the required notice to Fidelity prior to completing a sizable redemption. This fee goes to the Fund.

■ WHAT IF I CHANGE MY MIND?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund securities within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
