Cash & Other	38.29%
Canadian Provincial Bonds	23.56%
Commercial Paper	14.93%
Bankers' Acceptances	12.98%
Treasury Bills	10.24%

HOW RISKY IS IT?

The value of the Pool can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

RISK RATING

Fidelity has rated the volatility of this Pool as **low**.

This rating is based on how much the Pool's returns have changed from year to year. It doesn't tell you how volatile the Pool will be in the future. The rating can change over time. A pool with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Pool's returns, see the 'What are the risks of investing in the fund?' section of the Pool's simplified prospectus.

NO GUARANTEES

Like most funds, this Pool doesn't have any guarantees. You may not get back the amount of money you invest.

■ HOW HAS THE FUND PERFORMED?

This section tells you how Series F units of the Pool have performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the Pool’s returns.

YEAR-BY-YEAR RETURNS

This chart shows how Series F units of the Pool performed in each of the past 10 years. The Pool did not drop in value in any of the 10 years. The range of returns and change from year to year can help you assess how risky the Pool has been in the past. It does not tell you how the Pool will perform in the future.

■ WHO IS THIS FUND FOR?

- Investors who:
- want a temporary "parking spot" for their cash

BEST AND WORST 3-MONTH RETURNS

This table shows the best and worst returns for Series F units of the Pool in a 3-month period over the past 10 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	RETURN	3 MONTHS ENDING	IF YOU INVESTED \$1,000 AT THE BEGINNING OF THE PERIOD
Best return	1.2%	December 31, 2023	Your investment would rise to \$1,012
Worst return	0.0%	February 28, 2022	Your investment would remain \$1,000

AVERAGE RETURN

A person who invested \$1,000 in Series F units of the Pool 10 years ago now has \$1,173. This works out to an annual compound return of 1.6%.

■ A WORD ABOUT TAX

In general, you’ll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan (RRSP) or a Tax-Free Savings Account (TFSA).
Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

HOW MUCH DOES IT COST?

The following tables show the fees and expenses you could pay to buy, own and sell Series F units of the Pool. The fees and expenses - including any commissions - can vary among the series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

SALES CHARGES

You do not pay any sales charge when you buy or sell Series F units of the Pool.

FUND EXPENSES

You don't pay these expenses directly. They affect you because they reduce the return you get on your investment.

As of June 30, 2025, the Pool's expenses were 0.44% of its value. This equals \$4.40 for every \$1,000 invested.

Table with 2 columns: Expense Category, Annual Rate (as a % of the Pool's Value). Rows include Management expense ratio (MER) at 0.44%, Trading expense ratio (TER) at 0.00%, and a total FUND EXPENSES of 0.44%.

More about the trailing commission
Trailing commissions are not paid on Series F units.

OTHER FEES

You may have to pay other fees when you buy, hold, sell or switch units of the Pool.

Table with 2 columns: Fee, What You Pay. Rows include Switch fee (up to 2% of unit value) and Fee-for-service (varies by account type).

WHAT IF I CHANGE MY MIND?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund securities within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

FOR MORE INFORMATION

Contact Fidelity or your representative for a copy of the Pool's simplified prospectus and other disclosure documents. These documents and the Fund Facts make up the Pool's legal documents.

Table with 2 columns: Contact Information, Value. Rows include Fidelity Investments Canada ULC address, Phone (416 307-5200), Toll-free (1 800-263-4077), Email (cs.english@fidelity.ca), and Web (fidelity.ca).
