## ■ HOW RISKY IS IT?

The value of the Pool can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

### INVESTMENT MIX

This information is not available because the Pool is new.

### RISK RATING

Fidelity has rated the volatility of this Pool as **low to medium**.

Because this is a new Pool, the risk rating is only an estimate by Fidelity. Generally, the rating is based on how much the Pool's returns have changed from year to year. It doesn't tell you how volatile the Pool will be in the future. The rating can change over time. A pool with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Pool's returns, see the 'What are the risks of investing in the fund?' section of the Pool's simplified prospectus.

### NO GUARANTEES

Like most funds, this Pool doesn't have any guarantees. You may not get back the amount of money you invest.

## ■ HOW HAS THE FUND PERFORMED?

This section tells you how Series S5 shares of the Pool have performed since the date this series was created. Returns are after expenses have been deducted. These expenses reduce the Pool's returns.

This information will be available when this series of the Pool completes one full calendar year.

### BEST AND WORST 3-MONTH RETURNS

##### 2 FUND EXPENSES

The trailing commission is an ongoing commission. Fidelity pays a trailing commission to all dealers, including discount brokers, for as long as you own the Pool. This is for services and advice that your representative and their firm provide to you. The trailing commission is paid from the Pool's management fee and is based on the value of your investment.
