Commissions, trailing commissions, management fees, brokerage fees and expenses may be associated with investments in mutual funds and ETFs. Fidelity's All-in-One ETFs pay indirect management fees through their investments in underlying Fidelity ETFs that pay management fees and incur trading expenses (in addition to the indirect management fee, the Fidelity ETFs will also pay indirectly the operating expenses of the underlying Fidelity ETFs). Please read the mutual fund or ETF's prospectus, which contains detailed investment information, before investing. Mutual funds and ETFs are not guaranteed. Their values change frequently. Past performance may not be repeated.

The ETFs invest in underlying Fidelity ETFs that charge a direct management fee, and as a result, pay an indirect management fee. Based on the management fees and the anticipated weightings of the underlying Fidelity ETFs, it is expected that the effective, indirect management fee for Fidelity All-in-One Conservative ETF will be approximately 0.35%, Fidelity All-in-One Balanced ETF 0.36%, Fidelity All-in-One Growth ETF 0.38%, and Fidelity All-in-One Equity ETF 0.39%. Actual indirect management fees will be reflected in the management expense ratio in addition to applicable taxes, fixed administration fees, trailing commissions, portfolio transaction costs and expenses (fund costs), as applicable, of each ETF/Fund, posted semi-annually.

The ETF/ETF Funds are sub-advised by Geode Capital Management, LLC.

The investment risk level indicated is required to be determined in accordance with the Canadian Securities Administrators standardized risk classification methodology, which is based on the historical volatility of a fund, as measured by the ten-year annualized standard deviation of the returns of a fund or those of a reference index, in the case of a new fund.
