Fidelity Investments Canada ULC

Fidelity Investments Canada ULC manages a total of \$133 billion in mutual fund, institutional and ETF assets. This includes \$34 billion in assets for institutional clients including public and corporate defined benefit pension and defined contributions plans, sub-advised programs, endowments, foundations and other corporate assets on behalf of clients across Canada as at February 28, 2019.

Fidelity Investments Canada ULC provides Canadian investors a full range of domestic, international and income oriented mutual funds and ETFs, as well as asset allocation, managed solutions, and a high net worth program. Fidelity Funds are available through a number of advice-based distribution channels including financial planners, investment dealers, banks, and insurance companies.

Read a fund's prospectus and consult your financial advisor before investing. Mutual funds, including exchange-traded funds, are not guaranteed; their values change frequently and past performance may not be repeated. Investors will pay management fees and expenses, may pay commissions or trailing commissions and may experience a gain or loss.
