

## Chart your way to Success

Here's a fast, new way to get to the facts.

...Introducing Fidelity's all-new enhanced charting experience.

View enhanced product pages and Fund Facts of the funds and series you need.

See how adding recurring transactions could change the value of your investments.

View growth by performance or price.

Toggle between dollar and percentage.

See all distributions of a fund since inception.

Compare multiple funds at once.

Customize your charts with drawing and annotation.

Easily highlight any time-period of the fund's performance.

Create a PDF output of your chart, complete with your comparisons and annotations.
